To Whom This May Concern,

I am writing this letter because I am interested in receiving an Informational Interview with an ASL (American Sign Language) Interpreter/Translator. My name is Rosa Penate and I am a junior at Foshay Learning Center in Los Angeles, CA. I would like to learn more information on what the job of an ASL interpreter is because I am interested in becoming an ASL interpreter myself. Having a deaf sister, I have the opportunity to translate for whoever wants to communicate with my sister inside and outside y household and I would love to do that for a living. I believe that the Deaf community, culture and language are very active as well as many ASL Interpreters/Translators are needed. If you would like more information about me you may take a look at my Resume as well as my Digital Portfolio (resume is in my digital portfolio). The link and contact information is below. Thank you and hope to hear from you soon.
